Subject: Manufacturing, Repair and Calibration Representative

To whom it may Concern:

Farwest Aircraft, Inc. is pleased to announce the appointment of **Zähringer Consulting GmbH**, as a local European area Manufacturing, Repair and Calibration Center.

With the addition of Zähringer Consulting, Farwest has now, besides our own US facilities, established manufacturing, repair and calibration facilities in Germany, Costa Rica, Japan and Australia.

This will now present our respected customers with another local go-to company that can take care of their needs immediately, with no further delays due to different time zones and continents.
